MEMORANDUM

TO: Vic Hellard, Jr., Director

FROM: Gordon F. Mullins *GFM*

SUBJECT: Local Planning Commission Survey

DATE: November 24, 1986

During the 1984-85 interim the Special Committee to Study Planning and Zoning directed staff to initiate a survey of local planning commissions. This survey work has been continued by the Committee on Planning and Land Use Management.

While conducting this survey staff contacted mayors and county judge/executives of all 120 counties. Additionally, executive branch personnel and area development district staff were interviewed regarding the location and status of planning commissions throughout the Commonwealth.

The data in this memorandum reflect that, as of this printing, there are 49 joint planning units in Kentucky, three of which are inactive. Of the 61 independent city planning commissions one is inactive. Further, there is one regional planning unit and four independent county agencies. Of these 115 units, 41 employ professional staff (13 independent city, 3 independent county, 23 joint, and 1 regional).
