The Kentucky Legislative Research Commission is a 16-member committee that comprises the majority and minority leadership of the Kentucky Senate and House of Representatives. Under Chapter 7 of the Kentucky Revised Statutes, the Commission constitutes the administrative office for the Kentucky General Assembly. Its director serves as chief administrative officer of the legislature when it is not in session. The Commission and its staff, by law and by practice, perform numerous fact-finding and service functions for members of the General Assembly. The Commission provides professional, clerical, and other employees required by legislators when the General Assembly is in session and during the interim period between sessions. These employees, in turn, assist committees and individual members in preparing legislation. Other services include conducting studies and investigations, organizing and staffing committee meetings and public hearings, maintaining official legislative records and other reference materials, furnishing information about the legislature to the public, compiling and publishing administrative regulations, administering a legislative intern program, conducting a pre-session orientation conference for legislators, and publishing a daily index of legislative activity during sessions of the General Assembly.

The Commission also is responsible for statute revision; publication and distribution of the *Acts* and *Journals* following sessions of the General Assembly; and maintenance of furnishings, equipment, and supplies for the legislature.

The Commission functions as Kentucky's Commission on Interstate Cooperation in carrying out the program of The Council of State Governments as it relates to Kentucky.

Paid for with state funds. Available in alternative format by request.

Foreword

In November 2021, the Education Assessment and Accountability Review Subcommittee approved a research agenda for the Office of Education Accountability that included the *Kentucky District Data Profiles*.

This publication is intended to offer legislators and the general public a convenient source of information about each Kentucky school district. Wherever possible, longitudinal data are included to track trends over time. In addition, a dictionary of terms defines each variable and identifies each data source. The publication is updated annually.

Kentucky District Data Profiles

Introduction

The Education Assessment and Accountability Review Subcommittee approved the Office of Education Accountability's annual *Kentucky District Data Profiles* report in November 2021. The report provides a one-stop source of comprehensive district-level education data, including comparative data for all districts. The profiles are organized in four topical areas:

- Overview And Trends
- Staffing Data
- Finance
- Performance

After the district profiles, a Kentucky-wide profile is included for comparative purposes. It is followed by five tables that sort districts by adjusted average daily attendance, eligibility for free and reduced-price lunch, per-pupil state revenue, and per-pupil property assessment (for the 2021 school year) and by 11th-grade composite ACT average (from 2019 to 2021). New for the report are tables that show math and reading proficiency rates for economically disadvantaged students and student participation rates in state assessments. These tables allow profile users to identify similar districts for comparative purposes.

The Overview And Trends section provides data on school membership, end-of-year adjusted average daily attendance, student demographics, educational attainment, and school discipline. The data are provided in raw numbers and, where appropriate, percentages.

The Staffing Data section includes district data on certified personnel, classified personnel, and full-time equivalent teachers. Additional data on average salaries, years of teaching experience, and rank are provided. A data table that breaks down the salary schedule for teachers by rank completes the section.

The Finance section covers both per-pupil current expenditures and per-pupil revenues by source. District data are contrasted to state averages for current expenditures by function. Revenues include federal, state, local, and other sources. Each district's fund balance percentage and end-of-year general fund balance are reported.

The Performance section includes data from kindergarten readiness to ACT results, Advanced Placement exams and trends, and selected components of the 2021 Accountability System.

Appendices break down district data for comparative purposes. These appendices show how data can be grouped to compare trends across districts of similar size, demographics, or performance.

Overall, the *Kentucky District Data Profiles* provide a snapshot of each school district. Although additional data are available and useful, the data chosen were deemed the most concise indicators of district trends. Given differences in district size, geography, and socioeconomic conditions, the profiles are not conducive to direct comparisons of district effectiveness. The profiles present a broad array of indicators across multiple areas of interest.

Use Of The Profiles

The Kentucky Department of Education (KDE) encourages districts to annually review data for inaccuracies. If KDE confirms that data have been inaccurately reported, the data are changed and updated on KDE's website. As a result, the data in the Office of Education Accountability's annual *Kentucky District Data Profiles* report may vary slightly from year to year. The Data Dictionary section includes the source of each piece of data reported.

When possible, longitudinal data are presented in order to show trends over time. Sources for all the data used in the *Kentucky District Data Profiles* and the methodology used for calculating outcomes are included below.

In some cases, data are limited. The following symbols are used to designate incomplete data:

--- Three dashes indicate data not reported pursuant to the Family Educational Rights and Privacy Act. When fewer than 10 students are tested, the number of students is not reported; in some cases, the test results are also not reported.

N/A N/A indicates data not available or not applicable. This may be the case when a district offers only kindergarten through grade 8. For example, Anchorage Independent does not have a high school; therefore, its profile does not contain ACT scores.

0 A data point of 0 reflects an observed measure of 0 for that variable. For instance, a district may not levy a certain tax or may not have any migrant students. For both of those data points, a 0 populates the field.

-% This entry indicates a data point that is less than 1 percent.

The profiles use traditional fiscal year nomenclature to identify the year to which the data apply. For example, the 2020-2021 fiscal or school year is referred to as 2021, the 2019-2020 fiscal year is 2020, and so on. School district fiscal years start on July 1 and end on June 30. A total of 171 districts are profiled in the report.

Data Dictionary

The data sources used in the *Kentucky District Data Profiles* are included below with brief definitions.

Overview And Trends

Student Attendance

A1 Schools: The number of schools under administrative control of a principal and eligible to establish a school-based decision-making council. An A1 school is not a program operated by or as a part of another school.

Source: Kentucky. Department of Education. *School Report Card*. Web.

EOY AADA: According to KRS 157.320(1), the end-of-year adjusted average daily attendance (EOY AADA) is determined by the aggregate days attended by pupils in a public school, adjusted for weather-related low-attendance days, if applicable, divided by the actual number of days the school is in session, after the 5 days with the lowest attendance have been deducted.

Source: Kentucky. Department of Education. *FY2020-2021 Final SEEK*. Web.

Membership: Membership, which is a count of students enrolled as of the last day of school, is reported twice in the Overview And Trends section of the report. Membership data under the student attendance bar graph include self-contained exceptional children but do not include preschool students.

Source: Kentucky. Department of Education. *Historical SAAR Data*. Web.

Calendar 2021: The number of instructional days and hours that children attend school. Regular days include any day that had at least 6 hours of instruction. Short days are early-release days not having at least 6 hours. Because schools within a district may have different schedules, a minimum and maximum number of instructional hours have been included for the district.

Demographic Profile

Free & Reduced Lunch: Children from families with incomes at or below 130 percent of the poverty level are eligible for free lunches. Those from families with incomes between 130 percent and 185 percent of the poverty level are eligible for reduced-price lunches.

Homeless: This label refers to a child who was determined homeless under the McKinney-Vento Homeless Education Assistance Improvement Act of 2001.

LEP: Limited English proficiency (LEP) applies to an individual

- who is between ages 3 through 21;
- who is enrolled or preparing to enroll in an elementary or secondary school;
- who
 - was not born in the United States or whose native language is a language other than English; or
 - is a Native American or Alaska Native, or a native resident of the outlying areas, and comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or
 - is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and
- whose difficulties in listening, speaking, reading, or writing the English language may be sufficient to deny the individual
 - the ability to meet the state's proficient level of achievement on state assessments;
 - the ability to successfully achieve in classrooms where the language of instruction is English; or
 - the opportunity to participate fully in society.

Migrant: Children qualify for the migrant program because of the lifestyle of their parents, such as moving across school district, county, or state borders or between the United States and another country for the purpose of seeking temporary or seasonal employment in agriculture or commercial fishing. Children must move with their parents or move to join their parents within 365 days of the qualifying move of the parents. Children may also qualify if they move without their parents and are seeking temporary or seasonal employment in qualifying activities. Because of a change in the way data were collected, numbers may not compare from year to year.

Exceptional Child: A child who is evaluated in accordance with 707 KAR 1:300 as meeting the criteria listed in the definitions for autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment that has an adverse effect on the child's educational performance and who, as a result, needs special education and related services.

Race

The head count of students enrolled on the last day of school, reported by the following categories: Caucasian/White, Black, Hispanic, and Other (students who are Asian, Hawaiian/Pacific Islander, American Indian or Alaska Native, or multiracial). Hispanic students may be of any race or combination of races; all other categories are non-Hispanic.

Attainment

Grad Rate: The 4-year adjusted cohort graduation rate is defined as the number of students who graduate in 4 years with a regular high school diploma divided by the number of students who entered high school 4 years earlier, adjusting for transfers in and out, émigrés, and deceased students.

Source: Kentucky. Department of Education. *School Report Card*. Web.

Grads 4 Years: The number of graduates completing high school with a diploma in 4 years.

Source: Kentucky. Department of Education. FTP Server. April 5, 2022.

Grads IEP: The number of graduates who completed high school with a diploma, but whose individualized education program (IEP) allowed more than 4 years to graduate. An exceptional child is required to have an IEP.

Source: Kentucky. Department of Education. FTP Server. April 5, 2022.

Grads 4+: The number of graduates with a diploma who took more than 4 years to complete high school and were not allowed to do so by an IEP.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Alt Diploma: An alternative diploma is granted to a student who completes a course of study that does not meet the requirements for a full diploma. Students who receive alternative diplomas have IEPs that approve this educational path.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Retention Rate: Percentage of student grades 4-12 who were retained (not promoted to the next grade level). The rate is calculated by dividing the number of students retained by average daily membership.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Dropout Rate: The number of dropouts divided by the dropout membership and multiplied by 100. Dropout membership is taken from the growth factor membership report.

Source: Kentucky. Department of Education. *School Report Card*. Web.

Dropouts: Individuals, grades 9-12, who

- were enrolled in school at some time during the previous school year;
- were not enrolled at the beginning of the current school year;
- had not graduated from high school or completed a state- or district-approved educational program; and
- had not met any of the following exclusionary conditions: transferred to another public school district, private school, or state- or district-approved education program; were temporarily absent due to suspension; or were deceased.

Source: Kentucky. Department of Education. *School Report Card*. Web.

Discipline

Expulsions: The number of students permanently removed from a school for a violation of district policy based on a total unique event count. Because of a change in the way the data were collected, numbers may not compare from year to year.

Source: Kentucky. Department of Education. *School Report Card*. Web.

Suspensions: The number of students temporarily suspended from a regular course of study due to infractions based on a total unique event count. The two types of suspensions are “in school” or “at home.”

Source: Kentucky. Department of Education. *School Report Card*. Web.

Staffing Data

Classified Personnel: The number of noncertified support staff employed at the district.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Certified Personnel: The number of certified employees who hold a teaching certificate and work in the district.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Number FTE Teachers: The number of full-time equivalent employees reported on the Professional Staff Data file. This includes teachers with job class codes of 2010, 2025, 2030, 2040, 2050, 2060, 2070, 2080, 2090, 2095, 2096, 2100, and 2211.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Pupil/Teacher Ratio: The number of pupils in membership per teacher working in a district.

Sources: Kentucky. Department of Education. FTP Server. March 10, 2022; Kentucky. Department of Education. *School Report Card*. Web.

Salary & Benefits As % Of GF Expenditures: Salaries and benefits are derived from fund 1, object codes 0100-0299 excluding object code 0280 (on-behalf). Total expenses are derived from fund 1 object codes 0100-0998 excluding object code 0280 (on-behalf). GF = general fund.

Teacher Pay

Avg Salary: The average teacher salary reported on all teachers, regardless of rank and experience for base pay only. This includes the same job class codes for number of full-time equivalent teachers.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Avg Extended: The average teacher's extra-day pay, regardless of rank and experience included on the Professional Staff Data files using object code 0111 only.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Avg Extra Duty: The average amount of pay earned by teachers for performing extra duty such as for coaches or department heads. These data were pulled from the Professional Staff Data files using object codes 0112, 0113, and 0114.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Years Of Experience

The number of years a certified employee received service credit as a teacher at a public school.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

Retired: Certified employees who have retired and are reemployed at a school district. These data are available in the online application only.

2021 Tax Rates And Revenues

Real Estate Property Tax: The local property tax rate per \$100 of assessed value of land, buildings, and improvements, including real property of public service corporations. The rate shown is the total real estate tax rate and includes the original growth nickel, equalized growth nickel, recallable nickel, and equalized facility funding nickel if levied by a district.

Tangible Property Tax: The local tangible tax rate per \$100 of assessed value of equipment or inventory used in the operation of a business, including personal property of public service corporations. The rate shown is the total tangible tax rate and includes the original growth nickel, equalized growth nickel, recallable nickel, and equalized facility funding nickel if levied by a district.

Utility Gross Receipts Tax: A utility gross receipts license tax not to exceed 3 percent of the gross receipts derived from the sale of communications services; electric power; water; and natural, artificial, and mixed gas.

Source: Kentucky. Department of Education. *FY 2020-21 Local District Tax Levies*. Web.

Occupational Tax: An occupational license tax not to exceed 0.5 percent, or 0.75 percent for counties with 300,000 or more residents, on salaries or wages of individuals for work done in a county, and on the net profits of all businesses, professions, and occupations from activities conducted in a county.

Original Growth Levy: School districts that met the criteria in KRS 157.621 were able to levy an additional 5-cent tax for building-fund needs prior to April 24, 2008. Tax revenue from this source is not equalized by the state.

Source: Kentucky. Department of Education. *FY 2020-21 Local District Tax Levies*. Web.

Equalized Growth Levy: Districts that continued to meet the growth criteria had the option to levy a second growth nickel prior to April 24, 2008. This second nickel is called the equalized growth nickel because the General Assembly has provided additional equalization funding for those districts that have levied both the original nickel and the second growth nickel.

Source: Kentucky. Department of Education. *FY 2020-21 Local District Tax Levies*. Web.

Recallable Levy: School districts have the opportunity to levy a 5-cent tax for building needs. This tax, the recallable nickel, is subject to public petitions for recall and has historically received retroactive equalization.

Source: Kentucky. Department of Education. *FY 2020-21 Local District Tax Levies*. Web.

Levied Equivalent Rate: Because local school districts use and implement different types and amounts of taxes, KDE converts the districts' local tax efforts to a standardized tax rate called a levied equivalent rate. The rate is a district's total tax revenue divided by its total assessment, which includes property and motor vehicles.

Source: Kentucky. Department of Education. *FY 2020-21 Local District Tax Levies*. Web.

Equalized Facility Funding: School districts that have levied at least a 10-cent equivalent tax rate for building purposes or have debt service of at least a 10-cent equivalent tax rate as of April 24, 2005, receive equalization for 20 years provided they receive no other nickel equalization other than the Facilities Support Program of Kentucky.

Source: Kentucky. Department of Education. *FY 2020-21 Local District Tax Levies*. Web.

BRAC Levy: School districts have the opportunity to levy a 5-cent tax for building needs. The local district must be located in a county that will have more students as a direct result of the new mission established for Fort Knox by the Base Realignment and Closure (BRAC) Commission. The commissioner of education has determined that the projected increased number of students is sufficient to require new facilities or the major renovation of existing facilities and has approved the imposition of the additional levy.

Category 5 Levy: School districts that had school facilities classified as Category 5 on May 18, 2010, had the ability to levy an additional 5-cent equivalent tax rate for building purposes without being subject to recall, or the local board may have had the issue placed on the ballot. Districts would receive equalization the following year.

Per-Pupil Assessment: Assessment divided by EOY AADA with growth. The assessment contains property valuations for real estate, personal property, public service real estate, public service personal property, and motor vehicles. The assessment is certified to the Kentucky Department of Education by the Department of Revenue.

SEEK Distribution: The Support Education Excellence in Kentucky (SEEK) funding formula was enacted as part of the 1990 Kentucky Education Reform Act and is distributed on a per-pupil basis (known as the guaranteed base). Districts receive additional funds (called add-ons) for at-risk students, exceptional students, home and hospital instruction, students with limited English proficiency, and transportation.

Coronavirus Relief Fund: Pursuant to KRS 48.630(7), Kentucky's Office of State Budget Director approved a \$130 million appropriation increase to KDE in federal funds from the federal coronavirus relief fund (CRF). These were not additional funds. They were part of a one-time replacement of funds where districts received CRF funds and a reduced amount of SEEK funds equal to their CRF funds.

Performance

ACT 11th Grade: Information is presented only for school years 2019 and 2021; school year 2020 was not available for the report due to COVID-19. The profiles report average English, reading, math, and science scores and the composite score. They also report the percentage of district students whose scores met or surpassed the college readiness benchmarks listed below. Benchmarks for the ACT exam were set by the Kentucky Council on Postsecondary Education (CPE), based on analysis of Kentucky data. Because there is no CPE benchmark for science, college readiness for the science portion of the ACT is not reported.

Subject	ACT Benchmark
English	18
Mathematics	19
Reading	20
Science	N/A

Kindergarten Readiness: The number and percentage of first-time students entering kindergarten who are considered kindergarten ready without any supports or enrichments. The test given to each kindergarten student is the Brigance Early Childhood Kindergarten Screen III. In addition to reporting readiness for all students, this section breaks out readiness by the type of setting the student was in during the prior year: preschool, Head Start, child care, other, home, or unknown.

Source: Kentucky. Department of Education. *School Report Card*. Web.

AP Analysis: Advanced Placement (AP) test scores range from 1 to 5; scores of 3 or above are considered eligible for college credit (passing). Profiles show the number of exams administered, number of students taking AP exams, and percentage of students with a 3 or above on the AP exam.

Source: Kentucky. Department of Education. FTP Server. March 10, 2022.

No. Of Students Dual Credit: This section summarizes the number of students who earn high school and college credit for the same course simultaneously from in-state postsecondary institutions. These courses may be taught on the high school or college campus, or online. Students may be asked to pay a tuition fee in order to enroll (this will vary according to school and district policy).

2021 Mathematics & Reading Proficiency And Participation Rates: Due to the COVID-19 pandemic, the federal government waived states' responsibilities to implement and report most components of state accountability systems in the 2021 school year. For this reason, most components of the 2021 accountability system were not calculated and publicly reported by KDE and were not available for inclusion in the *2021 Kentucky District Data Profiles*.

In 2021, the Kentucky Summative Assessment (KSA) replaced the Kentucky Performance Rating for Educational Progress (K-PREP) as the state test implemented to comply with federal and state testing requirements. Like K-PREP, KSA aligns with state standards in tested content areas and was developed in consultation with Kentucky teachers.

Although the federal government did require states to administer state reading and mathematics tests in 2021, it waived the requirement that at least 95 percent of students participate in these tests. Student participation in state assessments dropped in most districts in 2021 and varied among districts and between student groups. Participation rates in each district should be considered when drawing conclusions about student performance in 2021, as the students who participated in state tests may not be representative of the entire student population. For this reason, student participation rates are included in the *2021 Kentucky District Data Profiles*. These rates should be taken into account when comparing student performance in 2021 with previous years and in comparing student performance among districts and between student groups in 2021.

All Students, Proficiency Rate—Math And Reading: Students taking each KSA receive one of four broad performance designations that range from novice (lowest) to apprentice, proficient, and distinguished (highest). The percentage of students scoring proficient or distinguished is known as the “proficiency rate.”

Economically Disadvantaged, Proficiency Rate—Math And Reading: KSA proficiency rates in reading and math for students who qualify for free or reduced-price lunch.

Source: Kentucky. Department of Education. School Report Card. Web.

All Students Participation Rate—Math And Reading: The number of students who took the state required assessments divided by the participation population of students enrolled in tested

grades minus medically exempted students. The participation population is different from enrollment due to students receiving approval for a medical nonparticipation.

As a supplement to this report, OEA staff used district data to develop an online application that allows readers to visualize the data differently. The application is available at:
